

## Friends

Friends are people you can talk to  
without being embarrassed;  
People that you can enjoy spending time with;  
People who you can ask if you have problems;  
Without them you would be very lonely.

Friends are people you can trust;  
People that don't stab you in the back;  
They're people that like you for who you are,  
not for what you are or how rich or poor you are;

They are people who care about how you feel  
and what you are thinking about;  
They like to spend time with you.

No matter how many friends you have  
you will never have too many friends.  
You will never be lonely.

Friends are the angels  
that lift us to our feet  
when our wings have trouble  
remembering how to fly
